# ABOUT US

For around four decades Dutco Tennant LLC has been a leader in supplying various kinds of industrial and engineering solutions for diverse industry verticals from construction to networking to electrical and we established a good company profile. Dutco Tennant LLC supplies products to a high-status list of corporate and government projects, and has contributed to the creation of world class private and public infrastructure such as water and wastewater projects, airports, exhibition centers, shopping malls, networking infrastructure, hospitals, hotels, universities and offices around the Middle East and GCC region.

We are a constantly growing company and we have a good company profile and have a great market presence around the world who meet the ever-evolving, newer demands of our customers. We actively collaborate with different contractors and suppliers for the supply of full-spectrum business solutions so that we may fulfill the ever increasing demand for top-quality engineering products.

## OUR CODE OF BUSINESS PRINCIPLES

### MISSION

We are dedicated to provide world class solutions to our customers to fulfill their diverse needs through a team of experienced and qualified professionals who are recognized for what they do.

We are a technology management company with a futuristic outlook and a keen desire to learn and change with the times.

Our commitment to the customer is of prime importance to us in building enduring relationships with them.

### CORE VALUES

We believe that **OPENNESS, INTEGRITY AND HUMILITY** are the cornerstones for the success of our business in dealing with our internal and external environment.

We believe in nurturing an environment which instills a feeling of ownership and allow people to deploy their **ENTREPRENEURIAL SKILLS**.

We recognize that the **RESPECT** we have for our people and the **FREEDOM** we give, transforms them into being **RESPONSIBLE** and **ACCOUNTABLE** for their actions.

We strive to provide an environment of job security and accessibility by being sensitive to the needs of each other.

### CODE OF BUSINESS PRINCIPLES

Every full time and/or part time employee sponsored by Dutco Tennant LLC /Business Communications LLC and/or its subsidiary companies in United Arab Emirates and in all other countries where the Company has direct or indirect operations, all the way up to the Chief Executive Officer. The Code also applies to controlled subsidiaries and entities in which the Company either owns a majority interest or manages operations (all the above are referred to throughout this Code as "Company"). All employees, and any others subject to the Code, must acknowledge that they have read and agree to uphold the Code. Anyone who works on the Company's behalf (including suppliers, consultants and other business partners) must share our commitment to integrity by following the principles of our Code when providing goods and services to the Company or acting on our behalf

### TEAM OPERATING PRINCIPLES

We listen to understand.

We have agenda & result oriented meetings.

We empower our people.

We seek to enhance happiness.

1 We have solution driven conversation.

2 We role model the behavior we expect.

4 We take ownership on timely communication.

6 We encourage creativity.

# MEP Supplies

Our MEP Supplies Division provides top-tier Mechanical, Electrical, and Plumbing solutions in the UAE. We offer premium valves for chilled water and plumbing systems, ensuring optimal flow and efficiency. Our durable drainage solutions and precise BTU and water meters cater to both residential and commercial needs. Specializing in district cooling, we supply essential valves and accessories, all sourced from renowned global manufacturers for exceptional performance across various projects.
