

# Facade Large Digital Clocks

## Description

Advertising clocks, large-size clocks, and facade clocks are more than just a mere public display of time. As artistic objects of design, they attract the attention of people, bring cityscapes to life, gracing facades, and enriching the atmosphere of a variety of buildings. We have the experience and know-how to help you realize your most ambitious projects by combining various housing designs, dials, and hands and using the latest clock technology, such as Time over Ethernet and LED illumination.

## Features

- Diameter from 40cm up to 500cm
- Self-setting motor movements
- With or without illumination
- Special design on request
