

Atomic Force Microscope

DESCRIPTION

We offer the world's best AFMs for both materials and life science applications.

AFM Applications –

AFMs are used in a wide range of research applications in Universities research labs and Testing Labs that may include :

- ✓ Biomaterials
- ✓ Biomolecules, Membranes & Assemblies
- ✓ Cells & Tissues
- ✓ Energy Storage
- ✓ Food Science
- ✓ Force Measurements
- ✓ General AFM Technology
- ✓ Graphene & 2D Materials
- ✓ Magnetics & Data Storage
- ✓ Nonelectrical Characterization
- ✓ Nanomechanical Characterization
- ✓ Piezo and Ferroelectrics
- ✓ Polymers
- ✓ Semiconductors & Microelectronics
- ✓ Solar, Photovoltaic & Thermoelectric
- ✓ Thin Films & Coatings
