

Table Top Raman

DESCRIPTION

We offer a wide range of Raman spectroscopy instruments. These include Raman microscopes, bench-top Raman analyzers and original equipment manufacturer (OEM) systems.

Areas of Use :

- ✓ Life Sciences
- ✓ Material Science
- ✓ Chemical Science
- ✓ Analytical Science
- ✓ Earth Science
- ✓ GEMS Study

PHARMACEUTICAL ANALYZER

Pharmaceutical Analyzer is a compact benchtop Raman imaging system designed exclusively for the pharmaceutical industry.

Provides a practical solution for analyzing formulations

RAMAN SOFTWARE

The Raman software controls the acquisition of Raman data and provides users with dedicated data processing and analysis options.

RAMAN ACCESSORIES

The Raman range of accessories helps adapt your Raman system to suit your requirements.

- ✓ Light collection optics
- ✓ Environment Cells
